

Craft of the Cocktail

ONEIDA®
Designing the dining experience.™

First impressions are everything...

The first reaction to a drink is always visual. Before the very first sip, an expectation has been cast that will determine anticipated satisfaction. The perfect cocktail glass helps set the stage for the bartender to serve their signature cocktail for that perfect guest experience. That glass has become their secret weapon where form follows function; and our designers are recreating classic styles of barware to meet the emerging needs of mixologists and bartenders. A broad selection of vintage, modern, and artisan styled cocktail glasses are now available to complete the ideal classic bar. Look no further for the perfectly styled cocktail glass.

Nick & Nora Vintage Martini Glass

This vintage design stemmed glass is reminiscent of the drinkware from 1930's series The Thin Man. The main character's Nick and Nora Charles were rarely seen without a cocktail in hand fashioning the personality of the characters. The resurgence of vintage cocktails created the demand by mixologists to have this popular stemmed piece replicated. This newly designed piece incorporates the vintage style of the 30's. The coupe silhouette is perfect for martinis and manhattans, the stem is well balanced, allowing the guest to comfortably hold without influencing the temperature of their cocktail.

The Copa Gin & Tonic Glass

The main ingredient for the perfect Gin and Tonic is the shape of the glass. Our designers have met the demands of mixologists and bartenders around the world. The demand; a well-balanced stem that allows the guest to hold their cocktail without influencing the temperature of the drink, a robust body that buffers the temperature of the cocktail allowing the accoutrements to intermingle and develop and a harmonious bulbous shape that tapers to the top releasing the aroma to optimize the senses. When paired with the gin of choice and this vintage styled glass, your cocktail will be impeccable.

Nosing Glass

Designed to enhance the full experience of barrel aged whiskey, we are pleased to offer the Nosing Glass. Brilliant lead-free crystal glass allows one to enjoy the deep rich color tones of the Whiskey. The bulb shape base of the goblet optimizes the development of the flavors allowing the subtle aromas to rise up through the tulip design. The handsome shape is supported by a short stem that allows those who imbibe to swirl the whiskey further releasing the full flavor. Can also be used as a tasting glass for beer.
